What each package means

Starter

A clean one-page website that shows who you are and how people can reach you. Ideal if you need to get online quickly.

Business

A professional multi-page website with a contact form so customers can explore your services and send enquiries.

Advanced

A complete web solution. Customers can browse and buy products, you manage them through a simple admin dashboard, and everything is stored in a database.

How we work

01
Tell us your idea
Share what you want to build.

02
Get a quotation
We review your requirements and send a clear, project-specific quote.

03
Kick-off
Pay 50% upfront and share your content and assets. Delivery time starts once we receive them.

04
Build and review
We design and develop your site, with revisions as included in your package.

05
Delivery
Pay the remaining 50% before handover. We then deploy your site and hand over access.

A few things to know

- **Starting prices:** final pricing depends on the exact features, content, integrations and project complexity.
- **Third-party costs:** domain registration, hosting subscriptions, paid APIs, premium themes and external service fees are not included unless agreed in the quotation. These are paid directly by you to the provider.
- **Project scope:** features not listed in the selected package can be quoted separately.
- **Revisions:** revisions cover adjustments to the agreed design or scope. New features or major scope changes may incur additional charges.
- **Timeline:** estimated delivery times begin after requirements and required content/assets are received.
- **Payment:** 50% upfront, 50% before handover.
